

Mission San Juan Farm

Saturday,

Free Educator

Feb. 7 & 21

Workshop

9:00-1:00

9101 Graf Rd.

Mission San Juan Capistrano

San Antonio Missions National Historical Park

Join us as we unveil our latest free educational offering. For the first time in decades water from the San Antonio River flows through the San Juan acequia. With that water we have begun to grow crops much as the Spanish missions would have in the 1700s. We are now offering guided student programs that will demonstrate how the river was used to transform our area from hunting and gathering to agriculture. This workshop will present and discuss our new curriculum offerings and how they can be integrated into your classroom. Reserve a seat today for this exciting classroom opportunity.

***4 Hours CPE**

*** Transportation grants available**
